### 37th edition of Liberty International World Conference

On August 16 - 19, 2023 Liberty International will host the 37th edition of the annual Liberty International World Conference in Madrid, Spain. This year's main theme is "Prosperity and Longevity Through Liberty" and will encompass discussions on the past, present, and future challenges faced by the freedom movement and its evolution over time.

Liberty International World Conference (LIWC2023) will reunite 200+ attendees and 10+ pro-liberty organizations from all around the world. Relevant stakeholders such as policymakers, journalists, activists, futurist experts, historians and key economic analysts to explore these issues and develop concrete recommendations to address how to achieve longevity and prosperity from an individual level to entire communities.

The conference will be held in the heart of Madrid at Ateneo de Madrid. The conference's agenda will include keynote sessions, panel discussions, debates, film screenings and other entertaining activities. In addition, we will have two days of cultural tours around Madrid so that international participants can visit some UNESCO World Heritage Sites such as Alcalá de Henares, Ávila, Aranjuez, El Escorial, Segovia and Toledo.

LIWC 2023 will also create an ideal space for liberty-minded young professionals to get introduced to pro-liberty organizations, opportunities for networking and building relationships with other friends from all around the world, as well as to share their point of view on intergenerational panels and discussions.
